

## **Physical Education Department**

### **John Colet School**

The Physical Education Department currently comprises 4 full time specialists, 2 part time specialists and one specialist support assistant. We have a strong team ethos and pride ourselves on our consistency of approach and sharing good practice to ensure the progress of the students. We are therefore, looking for a subject specialist who is willing to contribute to the department, enjoys being part of a team and is enthusiastic about developing Physical Education in this school.

The department's facilities include an impressive new sports hall, use of an on-site swimming pool, multi-use games area (MUGA) which is an outside area offering four netball courts and four tennis courts and vast fields comprising 3 football pitches and a rugby pitch. PE has a thriving extra-curricular timetable and the school competes in a wide variety of sports, both locally and nationally.

The PE department are looking for a motivated teacher who can really inspire the students. The successful candidate will teach core PE as well as GCSE PE (AQA) at KS4 which is a really popular option. Experience of teaching BTEC at Key stage 5 would be an advantage. We require a good practitioner who is also keen to get involved in the wider life of the school.

The school has a committed, friendly and supportive team of staff and offers excellent NQT support and good CPD opportunities. The school is located in a beautiful part of Buckinghamshire and the children are really proud of their school.
