

## Progress data comparison: Trend

### Context:

All staff and students at John Colet School believe that through hard work, inspiration, mutual respect and enjoyment, we will achieve success together. We are committed to the principle that every student fulfils their potential.

The Government introduced the Pupil Premium into main school funding to for disadvantaged students to address inequalities between children eligible for free school meals (FSM), those who have been eligible in the last 6 years (FSME6), looked after children or children of armed forces families and their peers. It is our job to ensure that funding reaches the pupils who need it most.

John Colet has a below average number of pupils who are in receipt of the Pupil Premium. Although this changes each year, it averages around 12% for FSME6 (with around 3% being Current FSM) and 6% for Service Children.

### Results:

We are aiming to close the gap between our most disadvantaged students and the rest of the cohort across all year groups. Our most recent GCSE results are outlined in the tables below:

*(Measurements for English and Maths are now graded in 9-1)*
