

## Yr10 - Graphics

You have very clear guidelines. stating the fact that your GCSE coursework research is completed by the time you return to school on the 6th September.

It is 8 marks out of 90, so make sure that it is printed of by the end of the first lesson together, in its proper A3 format so that I can assess how effective it is.

Please make sure that you have taken all the notes you require, asked the questions that you need to, have all the files that you need from the school computers (and ensure you have back ups.)

This all finalised with a research conclusion and specification. TARGET MARKET!!!!!!!

Get this done and the interesting designing and modelling can start to take place.
