From Challenge Partners peer review March 2024:

- 'Students describe the school as 'welcoming', strongly echoed by new staff and students who quickly felt 'fully part of the community.'
- 'Staff find that induction and whole school professional development programmes directly inform practice that support both staff and students. One teacher explained how 'literacy training has improved how I teach languages to students with lower reading ages.' One member of staff stated that since joining JCS they have 'become a better teacher.'

- New staff compare JCS to their previous schools and state that facilities at the school are excellent, 'Stuff works!'
- They describe leaders as approachable with strong communication and a focus on well-being. As a result, new staff feel settled and ready to work quickly, with one concluding, 'My life is better since joining John Colet.'
- Teachers drive the ethos for students to thrive through their relationships, support and how they advocate for student needs. A wide range of students feel that their teachers are the most important aspect of the school. As a result, students self-regulate whilst working independently, eager to complete projects and extended activities.
